Institutional quarantine: No Institutional Quarantine

Home quarantine:

All passengers shall give samples for Covid-19 testing at the designated area and exit the airport. If the test report is negative, they are advised to self monitor their health for 14 days. If test results are positive, they will undergo treatment as per standard health protocol.

Health screening: Thermal screening of all passengers.

Covid test:

- Transiting Travellers(T on SDF) travelling from Brazil, South Africa, and the United Kingdom shall give samples at designated areas and take connecting flights only after an approved negative test report.
- All other passengers shall give samples for Covid-19 testing at the designated area and exit the airport. If the test report is negative, they are advised to self monitor their health for 14 days. If test results are positive, they will undergo treatment as per standard health protocol.

Passenger obligation:

All travellers planning a journey shall submit a self declaration form on Air Suvidha portal and upload a negative RT-PCR test report with a test conducted within 72 hours prior to undertaking the journey.

Airline obligation: N/A

Airport or State obligation:

- On arrival thermal screening is carried out for all passengers and a Self Declaration Form is checked by health officials at the airport.
- Passengers found to be symptomatic during screening shall be isolated immediately and taken to the medical facility as per protocol

State-wise Quarantine Guidelines

Delhi

Domestic

Health Screening

- In view of the surge in number of COVID-19 cases, random sample collection will be done for passengers arriving from states where there has been a spurt in number for COVID-19 cases
- Passengers will be allowed to exit after sample collection
- Thermal screening will be done for all passengers upon arrival
- Passengers originating their journey from any city/airport in Maharashtra to travel to Delhi will require RT-PCR negative report from ICMR-accredited labs done within the last 72hrs. RT-PCR timeline starts from the swab collection time. Failure to be in possession of RT-PCR-Negative report shall lead to denied boarding at origin station
- Passengers connecting/transiting through any city/airport in Maharashtra are advised to be in possession of an RT-PCR negative report from ICMR-accredited labs done within the last 72hrs. RT-PCR timeline starts from the swab collection time. If not in possession of such passengers shall be required to undergo mandatory RT-PCR test upon arrival into Delhi at no cost followed by mandatory 14 days of home quarantine
- Passengers with onward connecting flights from Delhi are exempted from the above mentioned requirements
- All Constitutional and Government Functionaries and their staff members accompanying them who are travelling to NCT of Delhi from the state of Andhra Pradesh and Telangana on official work are exempted from the aforesaid instructions, if they are asymptomatic. However, they are advised to self-monitor their health for next 14 days and shall strictly follow the COVID-19 related guidelines/instructions/SOPs issued by Government of India as well as Government on NCT of Delhi from time to time and perform minimum necessary travel as would be required to perform the work for which he-she has arrived in Delhi. In case they are symptomatic, the mentioned below instructions shall be applicable to them.

(Shall have to undergo mandatory Government institutional quarantine/ paid quarantine for 14 days at facilities established/ identified by the concerned District Magistrate)

Quarantine

- Passengers who are found positive will be quarantined at home or CCC/CHC/Hospital for 14 days
- Mandatory 14 days home quarantine for passengers connecting/transiting through any city/airport in Maharashtra and not being in possession RT-PCR negative report upon arrival into Delhi
- All constitutional and government functionaries and their staff members are exempted if they are asymptomatic

Passenger obligation
